FORD PAYS TOLLS UPON LONG SPEECH BY LINDSEY

New York, Dec. 9.—A wireless message from the steamer Oscar II, signed and prepaid by Henry Ford, was received here today. The message gave a summary of a speech delivered on board last night by Judge Ben R. Lindsey of Denver, in which he declared that the spirit of love would be more effective in international politics than military force.

Judge Lindsey told the peace advocates of his experience during sixteen years on the bench, drawing the conclusion that criminals responded more quickly to trust than to shackles

and force. He argued against the "preparedness policy," basing a part of his contention on the assertion that firearms are unknown in reform prisons or camps in Colorado, except when they are needed to protect the convicts from persons living near the camps.

MANY IMPROVEMENTS MADE AT WHITE OAKS

Carrizozo, N. M., Dec. 9.—Many improvements are under way in the White Oaks district. The new power line to the mines lags but a little of completion. This is expected to lower the cost of mining to 25 or 40 per cent of the present figure.

Overhauling of the milling plant at Parsons is under way and it is expected to be milling ore there this spring.

One shipment of tungsten, seven tons, was made this week.

WEEK'S ROTARY COMMITTEE WILL CONTINUE WORK

Commercial Club Delegation to Be Asked to Carry Out Plans for County Agent Campaign Later On.

The rotary committee of the chamber of commerce named last Saturday to take up the civic activities for this week, which included as a principal item the county agent propaganda, will be asked to continue in office another week and to carry on their campaign instead of this week only. The request is made because of the illness of Manager R. W. Wiley and his consequent inability to aid the committee this week.

It has been planned to have the committee visit four sections of the country tomorrow, distributing advertising matter and preparing for meetings at different school houses, at which the county agent matter would be discussed with the farmers. This will be done next week.

DRIVE FOR MORE MEMBERS BRINGS IN FAT INCREASE

Fifty Per Cent Gain Net Result of Commercial Club Campaign. Many of These Being Secured Yesterday.

The drive for membership which the chamber of commerce has been making for the past month has resulted in a per cent increase in the roster.

It was announced today. Many of these were secured yesterday when committees visited available material all over the city.

Yesterday's campaign was carried on systematically, visits with the names of men they were to see being given each committee. It was stated this morning by an official of the club that the proportion of members obtained to the number of men seen was very gratifying. Too many men were lost with Christmas messages yesterday to let the committees get over the entire ground in one afternoon.

The drive will be continued later Manager R. W. Wiley and Secretary Tom Egan of the club with the committees they will name later, will make excursions among the prospective members themselves until the desired membership of 500 is secured.

The club membership was about 500 before the drive yesterday's gains and those immediately preceding brought it to 275, leaving 225 new members to be secured.

PRESIDENT APPROVES WALNUT MONUMENT

Announcement is made through the district forest office that the president approved on November 30 the proclamation establishing the Walnut national monument on the Cimarron forest.

GIANT LABOR BODY FORMED IN ENGLAND

London, Dec. 9 (UPI)—The largest labor organization in the history of England, representing about two million men, was formed today for the purpose of offensive or defensive action in matters respecting wages and conditions of work.

The organizations comprising the alliance are the Miners Federation, the National Union of Railway Men and the National Transport Workers' Union. The constitution adopted today provides that joint action can be taken only after the concurrence of the three organizations concerned is obtained.

The meeting of the Women's club to be held tomorrow afternoon will be devoted to domestic science. Mrs. Charles T. Kirk will be leader. All phases of the subject will be discussed.

The music committee is planning an optional program for rendition next week.

CRUISER SARATOGA SAILS FOR MANILA

By Evening Herald Leased Wire.

Tokio, Japan, Dec. 2 (UPI)—The American cruiser Saratoga will sail from Yokohama for Manila at daylight tomorrow, steaming in wireless communication with the three American cruisers and four transports now at Shanghai, where they recently have been engaged in operations.

Efficiency is the standard of these days and what we want to do is bring the same efficiency into our church work that we bring into our daily lives and business pursuits. We have heard too much talk of the noble succession in the church life and not enough of apostolic success.

In case of necessity the Saratoga will proceed with all speed to Shanghai. Official advice, however, say the situation there is not serious.

COMMUNIPAW SAFE; ONLY STARTS FOR HOME YESTERDAY

London, Dec. 9 (UPI)—The American oil steamer Communipaw, reported to have been sunk of the coast of Tripoli by a submarine, sailed from Alexandria, Egypt, for New York on December 5, according to an announcement by Lloyds.

The first report that the Communipaw had been sunk was received December 5. It would appear, therefore, that the tanker has been confused with some other vessel which was sunk.
